

Yearbooks

Bring memories to life with just a few clicks

Make beautiful yearbooks with ease

Designed for independent photographers and print providers, Captura Yearbooks simplifies the yearbook creation process. Whether you're crafting a simple themed book or a detailed masterpiece, Yearbooks makes it easy, fast, and hassle-free.

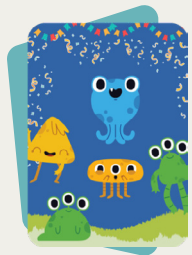

Why you'll love Captura Yearbooks

Effortless layouts

Just drag and drop your class photos, and let Yearbooks handle the rest. No more text overlap or missing faces — it's all taken care of.

Quick theme customization

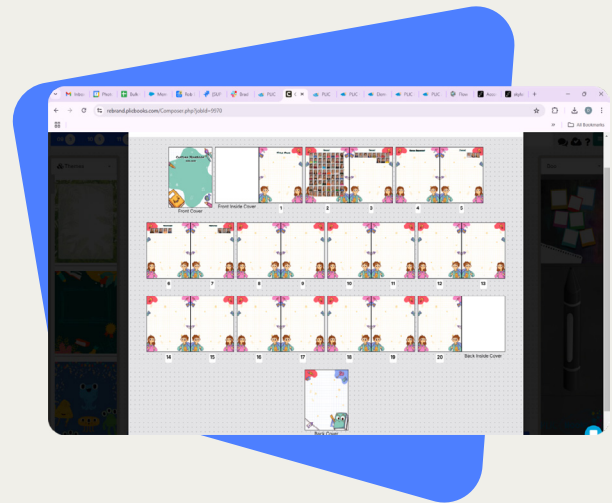

Pick from our professionally designed themes or get creative and make your own. Drag, drop, and boom — your pages look amazing.

Sell smarter with built-in solutions

Adopt-a-book program

Help parents give back by sponsoring a child's yearbook, increasing sales, and spreading the love.

Let's make your workflow work for you

20 Minutes

Is all it takes to build a full underclass yearbook!

Must-have features to simplify your workflow

Design from any device, anywhere

Built natively in the cloud, Yearbooks gives you the flexibility to design and build on the go — no downloads required.

Easy text & graphic integration

Choose from thousands of high-res graphics or upload your own. Click to add text, and customize formatting, size, and effects.

Auto-magic layouts

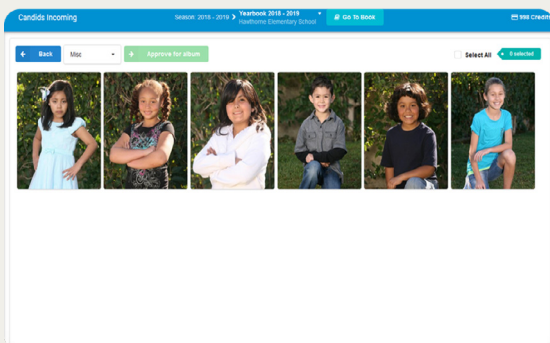

Pick a class, drag a layout. It's that easy. Adding clip art and other images on the page will automatically adjust the class photos so you never have text overlap or missing subjects.

Full book preview

You can preview your book in progress to examine, move, rename pages, etc. You can even download a pdf for your own proofing before final submission.

Candid submission made easy

Use our basic URL distribution for emails, flyers, etc. Parents can upload photos and then you can approve them for use in your Book.
